

Quick Start Guide

Model: ASB-0319

Hey!
Let's get your new soundbar ready to use, fast!

1 Have you got everything?

Unpack the box (be gentle) and make sure all of these items are there:

- | | | |
|--------------------|-----------------------|----------------------|
| A. Soundbar | E. Installation kit | I. Warranty card |
| B. Remote control | F. AAA batteries (2) | J. Quick Start Guide |
| C. 3.5mm AUX cable | G. AC Power cable | |
| D. Optical cable | H. Instruction manual | |

2 How to install

Display and use your soundbar in a way that suits your space, with these different installation options:

Horizontal bar

Place on a secure, flat surface.

Wall mounted

For detailed instructions on wall mounting, please consult the instruction manual for detailed instructions on this process

We recommend wall mounting to be done by a qualified professional. Incorrect installation could result in personal injury or property damage.

3 Which plug goes where?

Want to hook up your new soundbar to your TV? Use the basic guide below to see what the plug and port should look like for different connections. You can find more details on these on page 13 of the Instruction Manual.

(Not all cables come with the soundbar, however we have included a AUX and Optical cable for you.)

Use an optical cable for an easy connection with high quality audio capability.

Use a coaxial cable for an easy connection with high quality audio capability.

Use an AUX cable for an easy connection with standard quality audio capability for TV and other audio devices.

Connect a USB device, or plug in your USB storage device to play its contents.

Nearly done! Just a bit more on the other side of this page...

4

Get to know the remote

Familiarise yourself with the remote control - you'll be spending a lot of time together.

5

Using your soundbar

Press the POWER \downarrow button to switch the unit ON.

Press the MODE button on the unit repeatedly or the relevant button on the remote to switch between Coaxial, AUX, Optical, USB and Bluetooth® modes.

Press the EQ button on the remote to select the best preset equalisers for your audio: Music (recommended for listening to music), Movie (recommended for viewing movies) and News.

To pair your Bluetooth device with the soundbar, make sure the soundbar is in Bluetooth mode. When 'BT' is flashing on the display, it means the soundbar is in pairing mode. On your device, select 'BAUHN ASB-0319' to pair with the soundbar and start streaming your music to it.

?

Uh-oh, this isn't right...

Set-up not going smoothly? We've got you!
We just need you to check a few things first:

U

Is it plugged in?

A new gadget is exciting! So it's easy to forget something simple - like plugging it into the power outlet. Psst... make sure the outlet is switched ON.

i

Look at the manual!

More often than not, the answer you need is right there in the Instruction Manual. The troubleshooting section on page 22 may come in handy for tricky stuff.

☎

Ok, time to give us a call

What? You mean the Instruction Manual didn't have ALL the answers? Speak to us! We'd love to help you get up and running as quickly as possible. Call our **After Sales Support** on **1300 886 649**.

Operating hours: Monday-Friday, 8:30am-6pm; Saturday, 9am-6pm AEST

Your new Soundbar is ready to enjoy!

Well done, you made it.
Now sit back and relax... your new soundbar is automatically covered by a 1-year warranty. How nice!
