

1 Have you got everything?

- A. 3 In 1 USB-C Adaptor
- B. User Guide
- C. Warranty Certificate

2 Product Overview

FRONT VIEW

- A. USB-C Port
- B. HDMI Port
- C. USB 3.0 Port
- D. USB-C Connector

3 Operation

- Connect the USB-C connector of the adaptor to a USB-C supported device.
- Connect the USB-C port of the adaptor to a USB-C supported device for charging only.
- Connect the HDMI port of the adaptor to the HDMI port of the external USB storage device.
- Connect the USB 3.0 port of the adaptor to a USB supported device for data transfer/device sharing.
- The adaptor will automatically detect the resolution and support up to 4K UHD. The adaptor will reduce the output resolution if the external display device does not support 4K UHD.
- You can now view your device content on your external display.
- Notes: Compatible with most computer/tablets/smart phones with USB-C port.

Troubleshooting

No display

- Turn the external display to a different source.
- Connect the adaptor to your main device (laptop, computer, tablet or smartphone).
- External display device must be at least 1080P resolution.
- Connect the HDMI cable to the adaptor. The HDMI should already be connected to an external display.
- Switch the external display source to HDMI.
- Check to make sure your computer has the latest USB drivers.
- Try using a different USB-C port.
- Try using a different USB cable.
- Try using a different HDMI cable.
- Your smart phone must support Samsung DeX (Desktop Experience) mode or external monitor output mode. For smart phones that do not support these, video output will not work.

USB-C port cannot charge device

- USB-C charging is only supported if both the power source and the device being charged are compatible to the PD charging standard. Note the maximum supported power output is limited to 20V; 5A; 5W.

General Safety Warnings

For the safety of yourself and others, follow all instructions and take notice of all the warnings. When adhered to, these safety precautions can reduce the risk of fire, electric shock and injury.

This product complies with Australian Safety standard AS/NZS 62368.1 to ensure the safety of the product.

The RCM is a visible indication of a product's compliance with all applicable ACMA regulatory arrangements, including all technical and record-keeping requirements.

IMPORTANT

Installation and Location

Location: Make sure the location for the product is well ventilated, and away from damp and cold, protected from overheating and away from direct sunlight, away from moisture drips or splashes and protected from excessive dust or grease.

Heat: Do not place the product set near heat sources (eg. radiators, stoves, electrical equipment, amplifiers).

Water: Do not place containers with liquids (eg. vases) or with small metallic objects on top of the product.

Fire: Do not place any naked flame sources (eg. lit candles, cigarettes) on the product.

Children: Supervise young children to ensure they do not play with the product.

Cleaning and Maintenance

Unplug or turn off the product before cleaning it.

Cleaning: Only use a soft, dry cloth for cleaning the product; do not use a damp cloth. Never clean with industrial strength polish, wax, benzene, paint thinner, air freshener, lubricant, detergent or other chemicals. Wipe off any moisture, dirt or dust on the power plug pins with a clean, dry cloth.

Responsible disposal of the packaging

The packaging of your product has been selected from environmentally friendly materials and can usually be recycled. Please ensure these are disposed of correctly. Plastic wrapping can be a suffocation hazard for babies and young children, please ensure all packaging materials are out of reach and are safely disposed of. Please recycle these materials rather than throwing them away.

Responsible disposal of the product

At the end of its working life, do not throw this product out with your household rubbish. An environmentally friendly method of disposal will ensure that valuable raw materials can be recycled. Electrical and electronic items contain materials and substances which, if handled or disposed of incorrectly, could potentially be hazardous to the environment and human health.
